

# AUTOMATIC CYLINDRICAL MESH PRODUCTION MACHINE

## APPLICATIONS:

- 1) Industrial Filters
- 2) Using for Bridg Column  
(Based Of Using Stronger Wires)
- 3) Using As Foundation in Soft Lands

## TECHNICAL SPECIFICATION

Welding Type:	Resistance Welding
Longitudinal Wire Feeding Type:	Manual
Ring Feeding Type:	Automatic
Production Diameter:	158 mm
Production Length:	6000 mm
Wire Production:	3.5-4 mm
No. of Longitudinal Wires:	10,20 mm
